

Varaždin, 1st June 2023

INVITATION TO 3rd SCIENTIFIC DOCTORAL CONFERENCE
“RESEARCH IN ENVIRONMENTAL ENGINEERING”

Faculty of Geotechnical Engineering University of Zagreb organizes 3rd Scientific Doctoral Conference called “Research in Environmental Engineering” with international character and invites all interested doctoral students from area of technical sciences, as well as interdisciplinary ones, their supervisors, and other interested parties to prepare, submit and present their **scientific research** connected with **Environmental Engineering** in four prepared themes: **Water, Climate, Waste and Energy**.

Problems from the domain of environmental engineering require an interdisciplinary scientific research approach that seeks to offer specific solutions. A wide range of topics focuses on the needs of society directed towards a circular economy, sustainable waste management, management of natural resources and their protection, environmental monitoring, the introduction of renewable energy sources, and climate change research.

This year doctoral conference will be international and hybrid with support from UNESCO Groundwater Youth Network (GWYN). GWYN is a newly minted UNESCO youth led network aiming to connect young leaders from around the world to share groundwater-related ideas, challenges, and solutions that can improve the knowledge, management, and sustainable use of water resources.

Conference will be held on **Friday 29th September 2023** in hybrid mode: online via Microsoft Teams and at Faculty of Geotechnical Engineering University of Zagreb.

Registration is possible till 5th July 2023 online here:

- All accepted abstracts will be presented as oral presentations (10 min + discussion).
- Online Book of Abstracts will be prepared.
- Certificate of attendance will be given on demand.

Scientific Committee: prof. Ranko Biondić PhD, prof. Miroslav Golub PhD, prof. Josip Mesec PhD, prof. Aleksandra Anić Vučinić PhD, Associate Prof. Boris Kavur PhD, Associate Prof. Ivan Kovač PhD and Associate Prof. Ivana Grčić PhD.

Organizational Committee: Assistant Prof. Jelena Loborec PhD, Lucija Plantak mag.ing.amb., Amin Shakya (GWYN Scientific Committee), Gabriela Calderon (GWYN Scientific Committee), and Iva Majer univ.bacc.oec.

Dean:

Associate Professor Hrvoje Meaški PhD
